

[IC information]

Manufacture	Renesas Electronics
Series/Product	R-Car/V4H
Type/Device Code	

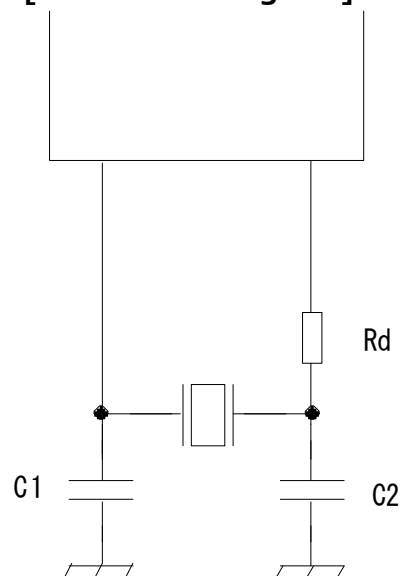

[Specification of Resonator]

Model	DSX210GE
Nominal Frequency	20.000MHz
Load Capacitance	8.0pF
Series Resistance	200Ω max.

[Measurement Results]

Rd=270Ω, C1=8pF, C2=8pF

Negative Resistance	-3900Ω
Drive Level	80μW
Frequency Deviation	+6ppm

[Oscillation Diagram]

Measurement Results are for Reference only.

Therefore, it is necessary to conduct a survey on your board.

If you have any questions about circuit survey, please contact us by the following e-maill.
