

**[IC information]**

Manufacture	Renesas Electronics
Series/Product	R-Car/V4H
Type/Device Code	

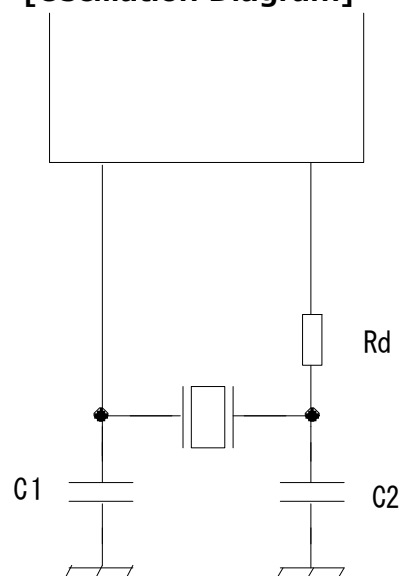

**[Specification of Resonator]**

Model	DSX210GE
Nominal Frequency	33.33333MHz
Load Capacitance	8.0pF
Series Resistance	120Ω max.

**[Measurement Results]**

Rd=270Ω, C1=8pF, C2=8pF

Negative Resistance	-1200Ω
Drive Level	72μW
Frequency Deviation	+6ppm

**[Oscillation Diagram]**

Measurement Results are for Reference only.

Therefore, it is necessary to conduct a survey on your board.

If you have any questions about circuit survey, please contact us by the following e-maill.
